GRANT OVERVIEW

The Maryland Safe to Learn Act of 2018 (Senate Bill 1265, Chapter 30), which ushered in a comprehensive multi-disciplinary approach to school safety and security in Maryland’s Public Schools went into effect on June 1, 2018. The Act defined an SRO for the first time, established the role of a School Safety Coordinator for each local school system who serves as the liaison between the school system, local law enforcement and MCSS, and defined school security employees.

The Act requires every local school system to file a report with MCSS identifying whether an SRO is assigned or adequate law enforcement coverage is being provided at each public school within the jurisdiction. The Act provides that local school systems should work with local law enforcement agencies to determine the needs of each school within the system for an SRO and/or adequate law enforcement coverage.

The Act also established the Safe Schools Fun (the "Fund"), authorizing grants for various school safety items and programs, and included a mandatory appropriation of $10 million annually for SROs and/or adequate law enforcement coverage for Maryland’s public schools.

SCHOOL RESOURCE OFFICER (SRO) GRANT - FY21

A School Resource Officer is a sworn law enforcement officer as defined under § 3–101(E) of the Public Safety Article who has been assigned to a school in accordance with a memorandum of understanding (MOU) between the local law enforcement agency and the local school system. A School Resource Officer is also a Baltimore City School police officer as defined under § 4–318 of the Public Safety.

The Governor has appropriated $10 million general funds in fiscal year 2021 for the School Resource Officer grant and/or adequate coverage issuance to local school systems and local law enforcement agencies in the areas enumerated at Md. Code Ann., Education Art. §7-1508.

The Maryland Center for School Safety, under the authority of the School Safety Subcabinet, shall review all applications for the School Resource Officer grant and/or adequate coverage prior to issuance. The Subcabinet and MCSS reserve the right to request additional information from applicants to supplement the initial requests.

PURPOSE OF THE GRANT

The purpose of the School Resource Officer (SRO) grant is to assist local school systems in fulfilling the requirements of the Safe to Learn Act of 2018. Grant funds may be used to pay for salary and fringe benefits for SROs or overtime salaries to provide adequate law enforcement coverage during routine school hours or after school activities.

To be assigned as a School Resource Officer, an individual must meet the following conditions as set forth in the statute:

- Complete the model training program developed by MCSS; or
- Submit to the Maryland Police Training and Standards Commission for approval a training program that is consistent with the curriculum developed by MCSS and MPTSC; and
- Enroll individuals assigned to be School Resource Officers in the training program developed by MCSS and MPTSC.
ELIGIBILITY CRITERIA

Both local school systems and law enforcement agencies are eligible to apply for the SRO grant. However, local school systems and local law enforcement agencies must work together to avoid duplicate application submission. Law enforcement agencies working with their local school system are eligible to submit their applications directly to MCSS.

The aggregate total of requested grant funds from multiple law enforcement agencies may not exceed the formula-based appropriation designated for the local school system as outlined in Md. Code Ann., Education Art. §7-1508 (g).

The MCSS recommends local law enforcement entities and local school systems collaborate and form long-lasting partnerships to determine funding priorities.

All eligible entities must submit no more than one (1) application for the FY21 SRO grant. This grant application may not be used to apply for any other grant being offered by MCSS.

APPLICATION REQUIREMENTS

In order for Grant applications to be considered for approval, all applications submitted to MCSS must be fully completed to the best of the applicant’s ability. Application requirements include the following:

---

2 MCSS will send out notice at least one week in advance.
A. Statement of Need Narrative

All applicants must provide a clear, concise and succinct statement of need stating why the grant funds are needed; how the grant funds will be used; what issues/problems that grant funds will help resolve; and other relevant data as is necessary.

B. Budget Narrative

The budget narrative for the SRO grant or adequate coverage must be clear, specific, and tied directly to the project description. This Word document must reflect at least a one year spending plan equal to the duration of the grant. It must list separately Personnel (SROs) and Fringe Benefits; which describes and justifies each budget item and the basis for the amounts requested.

In addition to the budget narrative, Grantee shall provide an itemized budget/spend plan description for each SRO’s salary and fringe benefits. It must also list projected overtime costs for officers providing adequate coverage. Budget items being paid for with grant money must be clearly listed and differentiated from budget items being paid for using other sources of funding.

Grantee must outline an SRO sustainability plan to support the grant funded position(s) after grant funding ends.

Grantee is encouraged to use the MCSS grant budget/spend plan worksheet to provide the itemized budget; along with other necessary grant budget documents where applicable. Please visit the MCSS website for the budget/spend plan template: Resources → Grants tab.

C. Detailed Project Description

Provide a detailed description of the project design and planned implementation activities. The project description must include the school(s) where the SROs are needed and where adequate coverage will be provided. This part of the application should contain as much detail as possible, including project goals and objectives. It must contain specific deliverables.

D. Memorandum of Understanding

An application must include a fully executed and current Memorandum of Understanding/Memorandum of Agreement between the local law enforcement agency and the local school system for SRO services.

If this agreement does not exist at the time of application, the requirement must be met within 30-days of the award date of the grant. No grant funds will be reimbursed until this requirement is met.

FUNDING AVAILABILITY

Funding for Grants offered by MCSS is provided by the State and is based on approval from the State Legislature and the Governor. Funding is only available in the fiscal year (FY) it is
appropriated. The fiscal year for the State of Maryland begins **July 1** and ends **June 30** of each year.

The performance period for the FY2021 School Resource Officer grant is from **July 1, 2020 (start date)** to **June 30, 2021 (end date)**. Grant funds will be obligated by MCSS once a completed Notice of Grant Award is issued. Funds are paid on a reimbursable basis.

The award of the SRO grant in FY2021 does not guarantee funding for future years. In addition to the availability of funds, a project’s implementation, compliance with reporting requirements and any special conditions placed on the grant are all essential in future award considerations.

Grantee must confirm that the SRO grant will not supplant local funding currently allocated for the proposal. Grantee shall also indicate other funding sources, if any, that will be used to support this work.

**SRO grant may supplement existing State and local funds for program activities but not replace those funds that have been appropriated for the same purpose.**

**INDIRECT COSTS**

The Maryland Department of Legislative Services defines Indirect Costs as “overhead expenditures that cannot be directly charged to the program providing services. Indirect costs represent administrative and support services an agency provides (such as budgeting, accounting, and purchasing) to allow the direct delivery of services.” Some additional indirect costs may include depreciation or use allowances on buildings and equipment as well as the costs of operating and maintaining facilities. **There are no indirect costs permitted in the SRO grant.**

**FIXED COSTS**

Fixed costs **are** permitted through the funding provided by this Grant. All details for fixed cost related expenses MUST be clearly outlined in the Project Description and must be specifically and easily identified with a particular project as outlined in the Project Description submission. Fixed costs may include, but are not limited to:

- Salaries/Wages & Fringe Benefits
- Overtime Salaries for adequate coverage
- Equipment

**ALLOWABLE AND UNALLOWABLE EXPENSES**

**A. Allowable Expenses**

Local school systems are encouraged to use the guidance set forth in the “**purpose of the grant**” section when drafting grant applications. Below is a list of allowable expenses under this grant. Please note that this list is not conclusive.

- Salaries and Fringe benefits

---

3 Indirect Costs  
4 Assigned SROs.

ALLOCATION

Under Md. Code Ann., Education Art. §7-1508(g), grants provided for the school resource officer funding shall be made to each local school system or law enforcement agency based on the number of schools in each school system in proportion to the total number of public schools in the State in the prior school year.

The Subcabinet and MCSS has established the following allocation method for the FY21 SRO grant and/or adequate coverage as outlined in the Safe to Learn Act of 2018. Please refer to restrictions listed under the Eligibility Criteria. This allocation is based on a per school facility count of each local school system. The local public school system enrollment data is obtained from the Maryland State Department of Education 2017-2018 public school enrollment report. Each local school system is allocated $7,008 per school.

The School Safety Subcabinet and MCSS reserve the right to partially approve or completely deny grant applications that do not fully meet the application requirements. Below is the allocation per jurisdiction as established in statute.
