

Safety & Security

Safety and security measures to harden the school environment are based on information obtained from a comprehensive assessment of the building and campus.

Personal connections

Students have healthy connections to others.

School staff know students. Students have at least one adult they can go to.

School staff connect with each other to support professional and personal well being.

Emergency Preparedness

Plans exist for all types of hazards, natural and human, that may occur at different times of day and in different locations.

Adults and students review and practice emergency procedures.

There is not any ONE thing that makes a school safe. It is the combination of things.

School Safety is accomplished by layering approaches.
